

## FAQ: Why Support FSC

### What does FSC do?

For over 100 years, FSC has provided behavioral health services in Wilmette, Kenilworth, Northbrook, and Glenview. Services include individual and family counseling, group therapy, student safety assessments, crisis response teams, and community education.

### Who benefits?

The entire community benefits from FSC. The need for help with behavioral and emotional problems is increasing. FSC serves adults and children in your neighborhood, helping them become and stay healthy productive citizens.

### How is FSC funded?

FSC receives no state and federal funds. Therapy clients pay for the services they receive, but fees are on a subsidized fee scale and rarely cover the costs for therapy services. Over 90% of the people FSC helps receive subsidized care. Except for client fees, FSC is funded exclusively through community grants and private donations.

### How are donations used?

All donations are used to help people right here in your community. Sixty-nine percent (69%) of FSC's budget goes directly to program costs, seventeen percent (17%) to administration, and fourteen percent (14%) to fundraising.

### How can I donate?

- Visit [www.familyservicecenter.com](http://www.familyservicecenter.com), scroll to the bottom and click "Donate Now"
- Mail your donation to FSC, 3545 Lake Avenue, Suite 200, Wilmette IL 60091
